

<i>Name of Policy</i>	Relationships Education, Relationships and Sex Education (RSE) and Health Education
<i>Aims of Policy</i>	As a key part of our Pastoral and Academic Curriculum, the aim of RSHE is to give young people the information they need to help them develop healthy, nurturing relationships of all kinds, not just intimate relationships.
<i>Date Valid</i>	January 2023 – January 2024
<i>Date of Approval</i>	December 2023 – Headteacher December 2023 – Full Trustee Board
<i>Next Review and Approval Date</i>	January 2025
<i>Responsibility for Review</i>	Senior Deputy Headteacher

Relationships and Sex Health Education (RSHE) Policy

Definition

RSHE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity. It involves a combination of sharing information, and exploring issues and values.

RSHE is not about the promotion of sexual activity. It is a positive and proactive approach that aims to give young people the information they need to help them develop healthy, nurturing relationships of all kinds including friendships, not just intimate relationships.

1. Introduction

Biddick Academy is aware that children and young people are growing up in an increasingly complex world. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.

2. Aims

The aims of relationships and sex health education (RSHE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

The aim of RSHE is to give young people the information they need to help them develop healthy, nurturing relationships of all kinds, not just intimate relationships. It should enable them to know what a healthy relationship looks like and what makes a good friend, a good colleague and a successful marriage, civil partnership or other type of committed relationship. It will also cover contraception, developing intimate relationships and resisting pressure to have sex (and not applying pressure). Students will be able to recognise what constitutes a healthy relationship and understand how to recognise behaviour which is unacceptable.

The Academy policy will provide clear progression from what is taught in primary in Relationships Education (Appendix1). We will build on the foundation of RE and, as students grow up, at the appropriate time extend teaching to include intimate relationships. Alongside being taught intimate relationships, students will also be taught about family relationships, friendships and other kinds of relationships that are an equally important part of becoming a successful and happy adult.

Teaching of RSHE in the Academy will enable students over time:

- to distinguish between content and experiences that exemplify healthy relationships and those that are distorted or harmful;
- to understand the benefits of healthy relationships to their mental wellbeing and self-respect and to understand that unhealthy relationships can have a lasting, negative impact on mental wellbeing;
- to believe they can achieve goals and that in order to achieve those goals they must stick at the tasks despite the challenges they may face;
- to be taught the facts and the law about sex, sexuality, sexual health and gender identity in an age-appropriate and inclusive way;
- to recognise when relationships (including family relationships) are unhealthy or abusive (including the unacceptability of neglect, emotional, sexual and physical abuse and violence including honour-based violence and forced marriage) and strategies to manage this or access support for themselves or others at risk;
- to recognise risks, harmful content and contact, and how and when to report issues to keep them safe online;
- to, within the law, be well equipped to make decisions for themselves about how to live their own lives in the future, whilst respecting the right of others to make their own decisions and hold their own beliefs.

3. Statutory Guidance

As a secondary academy school we must provide RSHE to all pupils as per section 34 of the Children and Social work act 2017¹.

In teaching RSHE, we are required by our funding agreements to have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

At Biddick Academy we teach RSHE as set out in this policy.

4. Policy development

This policy has been developed in consultation with stakeholders, including parents. This has been conducted via The Academy website and Parents' Forum.

5. Delivery of the programme

- Biddick Academy has given careful regard to its legal requirements around political impartiality when delivering its RSE curriculum, particularly when working with external organisations or in the event of any material being produced by them
- Biddick Academy has given careful regard to its requirements under the Equality Act and Public Sector Equality Duty when planning and teaching RSE, to create an inclusive classroom

RSHE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

The Academy acknowledges that high-quality, evidence-based and age-appropriate teaching can help students prepare for the opportunities, responsibilities and experiences of adult life as well as promoting the spiritual, moral, social, cultural, mental and physical development of students both at school and in society.

RSHE is taught across the Academy curriculum, for example, within our Tutor Group and IAG curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in Religious Education (RE)

RSHE will be set in the context of a wider whole-school approach to supporting students to be safe, happy and prepared for life beyond school. The curriculum on relationships and sex will complement and be supported by, the Trust and Academy's wider policies on behaviour, inclusion, respect for equality and diversity, anti-bullying and safeguarding. RSHE will sit within the Academy's broader ethos and approach to developing students socially, morally, spiritually and culturally; and its pastoral care system.

The curriculum on health and wellbeing education will similarly complement, and be supported by, the Trust and Academy's education on healthy lifestyles through physical education, food technology, science and its sport, extra-curricular activity and school food.

The Academy will deliver the content set out in Appendix 2 in the context of a broad and balanced curriculum. Effective teaching will ensure that core knowledge is broken down into units of manageable size and communicated clearly to students, in a carefully sequenced way, within a planned programme of lessons. Teaching will include sufficient well-chosen opportunities and contexts for students to practise applying and embedding new knowledge so that it can be used skilfully and confidently in real life situations.

The lead teacher in each Academy will work closely with colleagues in related curriculum areas to ensure Relationships Education, RSHE and Health Education programmes complement each other and do not duplicate, content covered in national curriculum subjects such as citizenship, science, computing and PE.

6. Students with special educational needs and disabilities (SEND)

Relationships Education, RSHE and Health Education will be accessible for all students. High quality teaching is differentiated and personalised, this is the starting point to ensure accessibility for all students. Academies

will also be mindful of the preparing for adulthood outcomes as set out in the SEND code of practice, when preparing these subjects for students with SEND.

The Academy is aware that some students are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND. Relationships Education can also be a priority for some students, for example some with Social, Emotional and Mental Health Needs or learning disabilities.

For some students there may be a need to tailor content and teaching to meeting the specific needs of children at different development stages. Those students in access to our Unity provision will have adult support where appropriate to follow up work to ensure an appropriate understanding.

7. Roles and Responsibilities

7.1 The Trustee Board

The Trustee board will approve the RSHE policy, and hold the Headteacher to account for its implementation.

7.2 Headteacher

The Headteacher is responsible for ensuring that RSHE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory/non-science components of RSHE

7.3 Staff

Staff are responsible for:

- Delivering RSHE in a sensitive way
- Modelling positive attitudes to RSHE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the [non-statutory/non-science] components of RSHE

Staff do not have the right to opt out of teaching RSHE. Staff who have concerns about teaching RSHE are encouraged to discuss this with the Headteacher.

7.4 Parents/Carers

The Trust acknowledge the key role that parents/carers play in the development of their children's understanding about relationships. Parents are the first educators of their children. They have the most significant influence in enabling their children to grow and mature and to form healthy relationships.

All Parents/Carers will be:

- Given every opportunity to understand the purpose and content of Relationships Education and RSHE;
- Encouraged to participate in the development of Relationships Education and RSHE;
- Able to discuss any concerns directly with the Academy.

Right to be excused from sex education

Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory RSHE.

Requests for withdrawal should be put in writing using the form found in Appendix 4 of this policy and addressed to the Headteacher.

A copy of withdrawal requests will be placed in the pupil's educational record. The Headteacher will discuss the request with parents and take appropriate action.

Following the discussions, except in exceptional circumstances, the Trust will respect the parents' request to withdraw their child, up to and until three terms before the child turns 16. After that point, if the child wishes to receive sex education rather than be withdrawn, the school should make arrangements to provide the child with sex education during one of those terms.

The Headteacher will ensure that where a pupil is excused from sex education, the pupil will receive appropriate, purposeful education during the period of withdrawal.

There is no right to withdraw from the national curriculum.

7.5 Students

Students are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with respect and sensitivity.

8. Working with external agencies

The Academy is aware that working with external partners will enhance the delivery of RSHE and will support to bring in specialist knowledge and implement different ways of engaging with young people.

Where the Academy uses external agencies, they will check the credentials of the visiting organisation and any visitors linked to the agency. The Academy will also ensure that the teaching delivered by the visitor fits with the planned programme and the published policy.

Schools will work with external agencies to ensure that the content delivered is age-appropriate and accessible for all students. Any materials that are used as part of the delivery must be approved by the Academy in advance of the session.

The Academy will ensure that the visitor is aware of aspects of confidentiality and understands how safeguarding reports should be dealt with in line with the Trust's Safeguarding Policy.

9. Safeguarding, reports of abuse and confidentiality

The Academy recognises that at the heart of RSHE, the focus is on keeping children safe, and acknowledges the significant role it has in preventative education.

We will allow children an open forum to discuss potentially sensitive issues. Such discussions can lead to increased safeguarding reports. Children will be made aware of the processes to enable them to raise their concerns or make a report and how any report will be handled. This will also include processes when they have a concern about a peer or friend.

In line with Keeping Children Safe in Education (KCSIE), all staff are aware of what to do if a child tells them that they are being abused or neglected. Staff are also aware of need to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those that need to be involved, such as the Designated Safeguarding Lead and children’s social care. A member of staff will never promise a child that they will not tell anyone about a report of abuse, as this is not in the best interests of the child. The involvement of the Designated Safeguarding Lead (or Deputy Designated Safeguarding Lead) will ensure that trusted, high quality local resources are engaged, links to the police and other agencies are utilised and the knowledge of the any particular local issues it may be appropriate to address in lessons.

10. Training

Staff are trained on the delivery of RSHE as part of their continuing professional development calendar. The Headteacher will also invite visitors from outside the school, such as nurse or sexual health professionals, to provide support and training to staff teaching RSHE.

11. Monitoring arrangements

This policy will be monitored in line with the Academy’s monitoring process and overseen by the Assistant Headteacher for Personal Development.

Relationships Education Content (Primary) Appendix 1

<p>Families and people who care for me</p>	<p>Students should know</p> <ul style="list-style-type: none"> • that families are important for children growing up because they can give love, security and stability. • the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other’s lives. • that others’ families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children’s families are also characterised by love and care for them. • that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children’s security as they grow up. • that marriage/civil partnership represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong. • how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.
<p>Caring friendships</p>	<p>Students should know:</p> <ul style="list-style-type: none"> • how important friendships are in making us feel happy and secure, and how people choose and make friends. • the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, trust, sharing interests and experiences and support with problems and difficulties. • that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded. • that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right.

	<ul style="list-style-type: none"> • how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, how to manage these situations and how to seek help or advice from others, if needed.
Respectful relationships	<p>Students should know:</p> <ul style="list-style-type: none"> • the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs. • the conventions of courtesy and manners. • the importance of self-respect and how this links to their own happiness. • that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority. • about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help. • what a stereotype is, and how stereotypes can be unfair, negative or destructive. • the importance of permission-seeking and giving in relationships with friends, peers and adults.
Online relationships	<p>Students should know:</p> <ul style="list-style-type: none"> • that people sometimes behave differently online, including by pretending to be someone they are not. • that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. • the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. • how information and data is shared and used online.
Being safe	<p>Students should know:</p> <ul style="list-style-type: none"> • what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • how to respond safely and appropriately to adults they may encounter who they do not know. • how to ask for advice or help for self and for others, and to keep trying until they are heard, including having the vocabulary and confidence to report concerns or abuse. • where to get advice from e.g. family, school and/or other sources.

Relationships and Sex Education Content (Secondary) Appendix 2

The Academy will continue to develop knowledge on topics specified for primary schools (appendix 1) and in addition, cover the following content by the end of secondary:

<p>Families</p>	<p>Students should know:</p> <ul style="list-style-type: none"> • that there are different types of committed, stable relationships. • how these relationships might contribute to human happiness and their importance for bringing up children. • what marriage and civil partnerships are, including their legal status e.g. that marriage and civil partnerships carry legal rights and protections not available to couples who are cohabiting or who have married, for example, in an unregistered religious ceremony. • why marriage is an important relationship choice for many couples and why it must be freely entered into. • the characteristics and legal status of other types of long-term relationships. • the roles and responsibilities of parents with respect to the raising of children. • how to: determine whether peers, adults or sources of information are trustworthy, judge when a family, friend, intimate or other relationships is unsafe (and to recognise this in others' relationships); and, how to seek help or advice, including reporting concerns about others, if needed.
<p>Respectful relationships including friendships</p>	<p>Students should know:</p> <ul style="list-style-type: none"> • the characteristics of positive and healthy friendships (both on and offline) including: trust, respect, honesty, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationship. • how stereotypes, in particular stereotypes based on sex, gender, race, religion, sexual orientation or disability, can cause damage • that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due tolerance and respect to others and others' beliefs, including people in positions of authority. • about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to get help. • that some types of behaviour within relationships are criminal, including violent behaviour and coercive control. • what constitutes sexual harassment and sexual violence and why these are always unacceptable.

	<ul style="list-style-type: none"> the legal rights and responsibilities regarding equality (particularly with reference to the protected characteristics as defined in the Equality Act 2010) and that everyone is unique and equal.
Online and Media	<p>Students should know:</p> <ul style="list-style-type: none"> their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply online and offline. about online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online. not to provide material to others that they would not want shared further and not to share personal material which is sent to them. what to do and where to get support to report material or manage issues online. the impact of viewing harmful content. that specifically sexually explicit material often presents a distorted picture of sexual behaviours, can damage the way people see themselves in relation to others and negatively affect how they behave towards sexual partners. that sharing and viewing indecent images of children (including those created by children) is against the law. how information and data is generated, collected, shared and used online.
Being safe	<p>Students should know:</p> <ul style="list-style-type: none"> the concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment and domestic abuse and how these can affect current and future relationships. how people can actively communicate and recognise consent from others, including sexual consent, and how and when consent can be withdrawn (on and offline).
Intimate and sexual relationships including sexual health	<p>Students should know:</p> <ul style="list-style-type: none"> how to recognise the characteristics and positive aspects of healthy one-to-one intimate relationships, which include mutual respect, consent, loyalty, trust, shared interests and outlook, sex and friendship. that all aspects of health can be affected by choices they make in sex and relationships, positively or negatively, e.g. physical, emotional, mental, sexual and reproductive health and wellbeing. the facts about reproductive health, including fertility and the potential impact of lifestyle on fertility for men and women. that there are a range of strategies for identifying and managing sexual pressure, including understanding peer pressure, resisting pressure and not pressurising others. that they have a choice to delay sex or to enjoy intimacy without sex. the facts about the full range of contraceptive choices and options available. the facts around pregnancy including miscarriage.

	<ul style="list-style-type: none"> • that there are choices in relation to pregnancy (with medically and legally accurate, impartial information on all options, including keep in the baby, adoption, abortion and where to get further help). • how the different sexually transmitted infections (STIs), including HIV/AIDs, are transmitted, how risk can be reduced through safer sex (including through condom use) and the importance of and facts about testing. • how prevalence of some STIs, the impact they can have on those who contract them and key facts about treatment. • how the use of alcohol and drugs can lead to risky sexual behaviour. • how to get further advice, including how and where to access confidential sexual and reproductive health advice and treatment.
--	---

Appendix 3: Physical health and mental wellbeing: Secondary

<p>Mental wellbeing</p>	<p>Students should know</p> <ul style="list-style-type: none"> • how to talk about their emotions accurately and sensitively, using appropriate vocabulary. • that happiness is linked to being connected to others. • how to recognise the early signs of mental wellbeing concerns. • common types of mental ill health (e.g. anxiety and depression). • how to critically evaluate when something they do or are involved in has a positive or negative effect on their own or others' mental health. • the benefits and importance of physical exercise, time outdoors, community participation and voluntary and service-based activities on mental wellbeing and happiness.
<p>Internet safety and harms</p>	<p>Students should know:</p> <ul style="list-style-type: none"> • the similarities and differences between the online world and the physical world, including: the impact of unhealthy or obsessive comparison with others online (including through setting unrealistic expectations for body image), how people may curate a specific image of their life online, over-reliance on online relationships including social media, the risks related to online gambling including the accumulation of debt, how advertising and information is targeted at them and how to be a discerning consumer of information online.

	<ul style="list-style-type: none"> • how to identify harmful behaviours online (including bullying, abuse or harassment) and how to report, or find support, if they have been affected by those behaviours.
Physical health and fitness	<p>Students should know:</p> <ul style="list-style-type: none"> • the positive associations between physical activity and promotion of mental wellbeing, including as an approach to combat stress. • the characteristics and evidence of what constitutes a healthy lifestyle, maintaining a healthy weight, including the links between an inactive lifestyle and ill health, including cancer and cardiovascular ill-health. • about the science relating to blood, organ and stem cell donation.
Healthy eating	<p>Students should know:</p> <ul style="list-style-type: none"> • how to maintain healthy eating and the links between a poor diet and health risks, including tooth decay and cancer
Drugs, alcohol and tobacco	<p>Students should know:</p> <ul style="list-style-type: none"> • the facts about legal and illegal drugs and their associated risks, including the link between drug use, and the associated risks, including the link to serious mental health conditions. • the law relating to the supply and possession of illegal substances. • the physical and psychological risks associated with alcohol consumption and what constitutes low risk alcohol consumption in adulthood. • the physical and psychological consequences of addiction, including alcohol dependency. • awareness of the dangers of drugs which are prescribed but still present serious health risks. • the facts about the harms from smoking tobacco (particularly the link to lung cancer), the benefits of quitting and how to access support to do so.
Health and prevention	<p>Students should know:</p> <ul style="list-style-type: none"> • about personal hygiene, germs including bacteria, viruses, how they are spread, treatment and prevention of infection, and about antibiotics. • about dental health and the benefits of good oral hygiene and dental flossing, including healthy eating and regular check-ups at the dentist. • (late secondary) the benefits of regular self-examination and screening. • the facts and science relating to immunisation and vaccination. • the importance of sufficient good quality sleep for good health and how a lack of sleep can affect weight, mood and ability to learn
Basic first aid	<p>Students should know:</p>

	<ul style="list-style-type: none"> • basic treatment for common injuries. • life-saving skills, including how to administer CPR. • the purpose of defibrillators and when one might be needed.
Changing adolescent body	<p>Students should know:</p> <ul style="list-style-type: none"> • key facts about puberty, the changing adolescent body and menstrual wellbeing. • the main changes which take place in males and females, and the implications for emotional and physical health.

Appendix 4: Parent form: withdrawal from sex education within RSE

Name of child	Class
Name of parent	Date
Reason for withdrawing from sex education within relationships and sex education	
Any other information you would like the school to consider	
Parent signature	
Agreed actions from discussion with parents (To be completed by the Academy)
