1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our Academy aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. The Academy aims to meet its obligations under the public sector equality duty by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

The Academy is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding barriers to disability and the protective characteristics. The Academy supports any available partnerships to develop and implement the plan and we have included a range of stakeholders in the development of this accessibility plan, including pupils, staff, and parents.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

3. Learning Opportunities

All students who have learning difficulties that have been identified as having a Special Educational Need

will have a Personal Learning Plan. At the Academy we offer a wide range of extracurricular activities which are accessible to all those who wish to take part, all students are actively encouraged to take part in at least one after academy curricular activity. The attendance of these activities is closely monitored throughout theyear.

4. Social Relationships

The academy endeavors to sustain positive relationships between all students. We will ensure where possible that disabled students are represented in prominent positions within the academy and playing an important role in the public life, such as members of the academy council and taking an active role in academy life. Raising awareness and understanding of disabilities within the academy community will also be a priority in order to promote positive relationships between all students. Views on how disabled children feel about their social relationships within the academy will be collected through student voice to monitor improvements and suggest further improvements.

5. Employing, promoting and training staff

All staff are employed under equal opportunities. The academy actively seeks every opportunity for disabled staff to further develop their career and be seen as a prominent person within the academy.

6. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
